

Parish Federal Credit Union eBranch/eStatement Internet Access Request and Disclosure

In this agreement, the term “the credit union” means Parish Federal Credit Union. The term “you” or “your” means each individual who applies for eBranch Internet access.

This agreement, and the Internet services provided, is governed by the Membership and Account Agreement, the applicable rules and regulations of the credit union, and any applicable electronic funds transfer disclosure statements made by the credit union.

There are inherent risks in conducting transactions over the Internet. By signing this agreement you acknowledge that you are both familiar with and accept the risks in conducting transactions over the Internet.

The credit union is entitled to act on instructions received through online communications without inquiring into the identity of the person using the password.

The credit union may provide links on its web site to other Internet web sites. The credit union does not warrant the information provided on these web sites. If you access other web sites via a link on the credit union’s web site, you are doing business with that company and not with Parish Federal Credit Union.

The credit union intends to make eBranch access available 24 hours a day, 7 days a week. However, eBranch may occasionally be unavailable for maintenance procedures, software enhancements, or electronic or phone line failure. It is the credit union’s intent to make your eStatement available within the first five business days of the month.

The credit union may terminate your access to eBranch services at any time without prior notice to you. You may cancel at any time by providing a written request to Parish Federal Credit Union. You agree that the credit union may electronically provide any notices otherwise required in writing. This includes all accounts you have with Parish Federal Credit Union. Although you allow the credit union to communicate with you electronically, the credit union may require your communication to be signed and in writing as required by policy or regulation.

The credit union will never initiate a request for personal or account information via e-mail or our web site. When in doubt, please contact the credit union in person or at 419-729-9650.

I have read and understand the Parish Federal Credit Union eBranch/eStatement Request and Disclosure.
